

HUGHES CARRIES FIGHT TO MISSOURI

Asserts Present Prosperity of Country is Built on Sand

SPENDS DAY TRAVELING

G. O. P. Nominee Makes Only One Stop During Day At Springfield, Mo.

ATTACKS ADAMSON LAW

JOPLIN, Mo., Oct. 13.—Charles Evans Hughes took his campaign to Missouri today, the fourth of the states that skirt the so-called "solid South" to be visited on his present trip. Save for one stop at Springfield, Mo., the entire day was spent traveling. The nominee reached Joplin tonight and addressed an audience in a big tent, making his chief theme the protective tariff.

Mr. Hughes told the crowd the present prosperity of the country was built on sand, that "the intoxicated fancy may indulge happy dreams but the sober thought of the country is directed to the day when this stimulant—the European war—will be no longer available."

He referred to "those who are seeking to make political capital out of our present war prosperity," portrayed in "detail conditions as he viewed them. In the United States when the war will end, and assail the Democratic tariff policy as a policy which means idle plans and impoverished workmen."

At Springfield and again here tonight, Mr. Hughes assailed the administration for the enactment of the Adamson law.

"What are real laws?" he asked. "Real laws are passed after inquiry with some understanding of the justice of the case, with some idea of what is involved and ought to be done. Sham laws—sham laws must be passed under duress. I am opposed, in the interest of labor to government by holdup and I am for government by reason and fairness."

Mr. Hughes' train was about three hours late in reaching Springfield. The audience he addressed in convention hall had been waiting two hours and a half and hundreds, unable to find standing room were turned away.

No thoughtful American can view our present economic condition without serious apprehension. Mr. Hughes told his audience here, "We are under the unhealthy stimulus of the European war. Hopes are raised which cannot be fulfilled. Our exports have jumped to fabulous figures because of the withdrawal from production of the millions of men abroad who are engaged in fighting. Our trade is not determined by conditions of normal competition but of an abnormal European war."

"Munitions of war are but a fraction of those suddenly expanded exports. Everything we produce, foodstuffs, metals, manufactured articles of every sort, Europe puts forth her hand to fill the void created by her extremity. The resultant employment of labor on an unprecedented scale and increased purchasing power stimulates trade throughout the country. The intoxicated fancy may indulge in happy dreams, but the sober thought of the country is directed to the day when this stimulant will be no longer available."

"What will be our condition when the war is over? In the first place a large amount of labor employed at high wages will lose that employment. The demand which it is now supplying will cease. The mere stoppage of the manufacture of munitions will mean in itself a serious change in the opportunities of labor. When the millions of men in the trenches return to production, our exports of manifold products will fall off tremendously, even as they have risen tremendously."

"I do not care to exaggerate. There is enough to give us serious thought without exaggeration. America with Europe at peace will not have the opportunity of America with Europe at war. And the difference will be most keenly felt."

"We shall not simply lose opportunities for labor. We shall have the active competition resulting from the resumption of foreign production. That production will be more skillful, more intelligent, better organized in every one of the foreign nations now at war than it has ever been before. Nations will not only seek to protect, so far as possible their economic independence, but they will seek our markets. It is fatuous to suppose that the wastes of the war will incapacitate them for efficient production."

"Despite the losses of war, I believe that each of the belligerent powers has a vastly increased efficiency. The lessons of war, of discipline, of prudent management of resources, of co-operation in eco-

PRESIDENT RETURNS TO SHADOW LAWN

Will Start for Chicago Next Wednesday—Guests for "Pennsylvania Day" Begin Arriving.

Long Branch, N. J., Oct. 13.—President Wilson returned to Shadow Lawn today from Indianapolis and will not leave again until next Wednesday when he will start for Chicago to deliver one or more speeches. As soon as he arrived here he read reports received from Washington on the investigation made by the Navy Department into the German submarine attacks off the American coast last Sunday.

The vanguard of Pennsylvanians, who will be guests tomorrow for "Pennsylvania Day" at Shadow Lawn began arriving tonight. A. Mitchell Palmer, Democratic National Committeeman from Pennsylvania who will introduce the President at the meeting said the main delegation will come here on eight special trains accompanied by seven bands. The President and Mrs. Wilson went golfing late this afternoon and were caught in a rainstorm.

URGE USE OF POTATOES IN MAKING BREAD

WASHINGTON, Oct. 13.—More general use of potatoes in making bread is recommended by the baking specialists of the Department of Agriculture. Bread containing boiled and mashed potatoes was found during experiments just concluded to be just as nutritious as ordinary bread and to remain fresh longer. The department believes that in localities where potatoes are cheap, much economy can be practiced at this time by reason of the high price of wheat flour and that even where the relative market prices of potatoes and flour are such that there is no economy in substituting potatoes for flour.

TROOPS END HIKE OF EIGHTY-SIX MILES

EL PASO, Texas, Oct. 13.—Soaked from the hard rains of the past twenty-four hours and shivering from the cold wind which pierced their summer uniforms, 15,000 National Guardsmen of the 10th Provisional Division marched into the city at noon today after a "hike" of 86 miles which required 13 days to complete.

The practice march was to Las Cruces, N. M., 43 miles north of El Paso. The Ohio, Michigan, Massachusetts, Kentucky and South Carolina troops participated.

WILLS DEFEATS COTTON

New York, Oct. 13.—Harry Wills of New Orleans defeated George Cotton of Pittsburgh here tonight, the referee stopping the match in the fifth round to save Cotton from further punishment. Wills weighed 219 pounds and Cotton 203.

BELIEVES \$10,000 SALARY TOO LARGE

Bishop Hall Raises Point At Episcopal Convention

States Man Who is Paid \$10,000 is Under a Moral Handicap in Asking Missionaries to Go Out to Hard Places, Often at Small Stipends

St. Louis, Oct. 13.—"A man who is paid ten thousand dollars a year for services is under a moral handicap in asking missionaries to go out to hard places, often at small stipends," the Rt. Rev. Arthur C. Hall, bishop of Vermont told delegates to the Protestant Episcopal general convention in session here today.

Bishop Hall raised the point in introducing a resolution at a joint session of missions of the two houses of the convention urging that in fixing the stipend of the president of the church board of missions for the next six years, it consider whether the present salary—\$9,500 annually and traveling expenses—is too large. The term of Bishop Arthur S. Lloyd the present president, expires with this convention.

"I do not want the president of our board of missions to be handicapped by his salary in seeking men for hard missionary places," Bishop Hall said. "This money frequently has been raised at considerable sacrifice."

A plea to the working people of America to come into the church was made by Rev. J. Howard Melish of Brooklyn, in an address in the social service forum in connection with the convention. He asserted that in the American churches today can be found people of culture, and social standing but that it is the worker who is absent.

Dr. Melish said the church can regain the working people of Christendom by understanding them.

"First the workers want a new industrial environment," he continued. "One third and possibly one half of the families of wage earners earn, in the course of the year, less than enough to support them in anything like comfort. Only one fourth of the fathers are able to support their families on the bare subsistence level without income from outside sources. Consequently their families are compelled to take in boarders or crowd in tenements. Multitudes come to this country as the land flowing with milk and honey. But the milk is skimmed and others have run off with the honey."

A memorial was received from the diocese of Fond du Lac (Wisconsin) urging that the trustees and church pension fund automatically pay pensions to all clergymen when they reach the age of 63 regardless of whether they resign. If such action be taken, it was generally conceded it would mean that all clergymen would be superannuated at the age of 63.

A resolution expressing the sympathy of the Protestant Episcopal church in the United States for the Church of England in this period of its adversity was adopted by the House of Deputies upon motion of the Rev. Dr. R. H. McKim of Washington, D. C.

William W. Skiddy of New York was chosen treasurer of the general convention by the House of Deputies with the House of Bishops concurring.

GOV. WHITMAN SPEAKS AT LANSING, MICH.

LANSING, Mich., Oct. 13.—"Our prosperity, begun by Republicans, has been preserved in the present, by the artificial protection of war, from the folly and the peril of the free trade Democratic tariff of 1913," declared Gov. Charles S. Whitman, of New York, in a speech here tonight.

Asserting that the war in Europe had almost wholly excluded manufacturers of Germany, France and England from American markets, the governor said the most urgent need of America today is a tariff which will protect the country when the war is over.

"The protection the war gives," he added, "will instantly disappear when the war ends."

FIND BEHEADED BODY OF BOY ON DUMP PILE

EAST ST. LOUIS, Ill., Oct. 13.—The beheaded body of a 15-year-old boy, three years old, who had been missing from home since Oct. 4, was found today on a city dump pile in sight of the boy's home.

A. G. Magarian, father of the victim, had offered a \$2,000 reward for the return of the child. The father said he believed the boy had been murdered by members of the Armenian colony with whom he had quarrelled over business matters.

POTATO HARVEST DISAPPOINTING.

Amsterdam, Oct. 13.—Via London.—President von Batocki, of the Food Regulation Board, admitted in the Reichstag that the potato harvest in Germany had been disappointing, according to the Kolnische Volks Zeitung stating that the shortage was due to a lack of seed potatoes left over from last year.

WILL HEAR CHARGES AGAINST HEALEY TODAY

Hearing is Agreed Upon When Hoynes Applies for Warrants for Arrest of Healey and Other Chicago Officials

Chicago, Oct. 13.—Charges of State's Attorney MacLay Hoynes that Chief of Police Charles Healey and other city officials are responsible for gambling and other violations of the law will be heard tomorrow before Chief Justice Harry Olson of the Municipal Court. This was agreed to late today when application was made before the justice for warrants of arrest for the police chief and other city officials.

Several days ago detectives from the state's attorney's office raided Chief Healey's and other offices in the city hall and assert they secured thereby evidence of collusion with gamblers, saloonkeepers and others said to be violators of the laws. City officials declare the latest move of the prosecutor is in furtherance of a political effort to defeat the Republican candidate for state's attorney. Hoynes is a candidate on the Democratic ticket for re-election.

BACON REPLIES TO WILSON'S ATTACK

Issues Open Letter He Has Written to President—States President's Charge is "Beneath Contempt"

New York, Oct. 13.—Robert Bacon, who was a candidate for the Republican nomination for United States senator from New York at the recent primary election made public tonight copies of an "open letter" he has written to President Wilson with a caption saying that it is a reply "to an attack upon him by President Wilson in the course of his speech at Shadow Lawn last Saturday."

The letter in part says:

"The statement that it was my intention if elected senator to promote 'the interests of one side in the present war in Europe' and thereby violate my oath of office is beneath contempt. My respect for the office of President of the United States prevents me from characterizing such a statement as it deserves. I leave my judgment of its falsity to the public. Anyone who knows me at all must know that for the last ten years my life has been devoted to the cause of better international relations and the peaceful settlement of international disputes."

DESTROYERS SEARCH FOR U-BOAT BASES

Admiral Mayo Orders Investigation of Reports of Hidden Bases and Wireless Stations

Washington, Oct. 13.—Destroyers from the Atlantic fleet are making a search of the Atlantic Coast from Newport north to the Canadian line to investigate reports of hidden submarine bases or wireless stations. Admiral Mayo, commander of the fleet reported to the Navy department today that he had ordered the search.

Secretary Daniels made it plain tonight that the Admiral had acted on his own initiative in sending out the scouting craft on this mission, although when the European war began general orders were issued to the fleet commanders to take all necessary steps to safeguard American neutrality. It has been the policy of the navy to investigate reports of secret radio stations along the coast without waiting to determine their credibility. Navy officials have been impressed with the necessity for running down such rumors quickly to prevent violation of neutrality.

BROOKLYN DIVIDES SERIES RECEIPTS

NEW YORK, Oct. 13.—Each of the twenty-four players on the Brooklyn National League Baseball team who were entitled to a share of the world's series receipts received a check for \$2,715.40 today. The amount divided among the players was \$65,170.98. Wilbert Robinson, manager of the Brooklyn and Lew McCarty, catcher for the New York Nationals, who until recently was a member of the Brooklyn team were included in the distribution.

Nap Rucker, who pitched the final innings of Wednesday's game for Brooklyn announced that his baseball career is over. His arm he said pains him when he pitches.

CAR RUNS INTO OPEN SWITCH; EIGHT HURT

OTTAWA, Ill., Oct. 13.—A west-bound electric car on the Chicago, Ottawa & Peoria railroad ran into an open switch this afternoon and crashed into coal cars standing on a siding. Eight injured persons, including George Shinske, motorman, who may die, were brought to a hospital here. Shinske's home is at LaSalle, H. Thomason, Bloomington, suffered a cut on one of his legs.

TO START RACING NOV. 30

El Paso, Tex., Oct. 13.—Word today from Col. Nat J. Winn of Louisville, Ky., president of the Jockey Club of Juarez, Mex., stated that the eighth annual racing season, of a hundred days or more will open at the Juarez track on Thanksgiving Day, Nov. 30.

For the first time the Pari Mutuel form of betting will be used exclusively.

RAIN CLEARS BAYONNE STREETS OF STRIKERS

Storm Follows Day of Intermittent Disorder

Sniper Shoots Patrolman Thru the Leg—Special Police and Firemen Take Two Wounded Prisoners in a Raid

Bayonne, N. J., Oct. 13.—After a day of intermittent disorder in which a patrolman was shot thru the leg by a sniper and two wounded prisoners were taken in a raid by special police and firemen, a downpour of rain followed by a cold wind tonight cleared the streets of Standard Oil strikers and kept them in their homes.

Occasional shots were fired tonight but this was said to have been done by the police to warn the strikers that they are ready for renewed rioting. Three powerful searchlights on the roofs of the tallest Standard Oil building were kept constantly over the strike zone.

One man was treated at a hospital for gunshot wounds today. Mayor Garvin announced that an investigation would be made of a report that physicians had treated wounded rioters without notifying the police.

The police tonight were planning another raid on strikers' homes on suspicions that much stolen liquor was concealed there.

All Standard Oil flags tonight were moored to the piers here prepared for fire duty. The few ships that were at the docks in Bayonne were towed away for safety.

A meeting of strikers will be held tomorrow at which city officials will request the men to return to work and assurances of protection will be given. City officials asserted tonight that the strike is broken and that the men will accept the suggestion to return to work.

HANLY ATTACKS BOTH PARTIES

EVANSVILLE, Ind., Oct. 13.—Back in his home state J. Frank Hanly, former Republican governor and candidate for president on the Prohibitionist ticket, attacked Republicans and Democrats alike in his first speech since he was elected Vice President Marshall was mentioned in a speech at Booneville, Ind. when Hanly accused the former Democratic governor of defeating county option in Indiana and helping to place 2,000 saloons back in business. In the same address he criticized Charles W. Fairbanks for refusing to join the dry forces in remonstrating against saloons in his home ward at Indianapolis.

AD WOMAN SECOND IN P.F.G. GENEVA, (via Paris), Oct. 13.

A woman has been commissioned by the government of Wurtemberg as second in command of a small gunboat on Lake Constance which is employed in guard duty at Friedrichshafen where the Zeppelin works are located. She has been the rank and uniform of a lieutenant.

Women employed on south German railway according to a new order must wear uniforms, consisting in part of loose trousers and gaiters.

COUNT MINE WORKERS' VOTE

Springfield, Ill., Oct. 13.—Tellers are counting the vote recently cast by the United Mine Workers of Illinois to nominate candidates for offices of the union. The count thus far shows the nomination of President Frank Farrington of Streator and Frank Hefferly of Collinsville, candidates for president. Hefferly is now vice-president. Returns also show a heavy vote for Duncan McDonald, secretary-treasurer.

ORDER TRAIN TO ACCOMMODATE MINERS.

Springfield, Ill., Oct. 13.—The state public utilities commission came to the assistance of 100 Taylorville miners today by ordering the Chicago and Illinois Midland railroad to put on an early morning train between Taylorville and Kincaid, a distance of 7 miles, so the miners can ride to work. The train arriving at Kincaid at 8 a. m. was discontinued last June and since then the men have gone to work in any equipment at hand, some of them walking the seven miles.

LAND FOUR RESCUED SAILORS AT BOSTON.

Boston, Oct. 13.—Four men rescued from an open dory after they had abandoned the schooner Helen Hasbrouck, dismasted in a gale fifty miles south of Seal Island, Me., on Sunday, were brought into this port today aboard the British steamer Saxon Monarch from Glasgow. Capt. Chas. W. Publicover and the crew of the Hasbrouck had drifted forty hours in a heavy sea before they were picked up.

TO DEDICATE DAM FRIDAY, OCTOBER 20

New York, Oct. 13.—John M. Parker of New Orleans, nominee for vice president on the Progressive ticket will be formally notified of his nomination here tomorrow. Progressives from several eastern states already have arrived to be present at the notification.

War News Summarized

Steadily the pressure of the Austro-German forces is compelling the Roumanian troops, who invaded Transylvania less than eight weeks ago, to fall back upon or toward their own frontier. In eastern Transylvania, north of Kronstadt, Berlin reports additional territory free of Roumanians. Southeast of Kronstadt, the Austro-Germans have also been successful against the invaders. The Roumanians, however, are offering stubborn resistance. Bucharest reports the repulse by them of attacks on the frontier of southern Transylvania.

Violent infantry fighting continues on the Carso front in the Austro-Italian theatre with further successes for the Italians. In the vicinity of Gorizia and to the south of this region they have repulsed heavy Austrian counter attacks, inflicting heavy casualties, and east of Dobrovo have approached the second Austrian line, taking 400 prisoners.

Vienna admits the loss of the town of Novavas, but announces that the Austrians put down Italian attacks at other points on the Carso plateau and made 2,700 men prisoners. In the Pasubio region of the Trentino sector some additional gains in ground are claimed by the Italians.

The French and British have been repulsed in a new attempt to break thru the German lines between the Ancre and the Somme rivers in the district around Guedecourt and the French near Sully, but neither was able to pierce the defence of the Germans, altho London claims a slight advance near Guedecourt. South of the Somme stubborn fighting is still in progress at Genet and Anzac.

In Macedonia the entente offensive apparently has come to a halt. British advance guards have been active east of the Struma but on the remainder of the front there has been little activity. A belated report from Sofia records the repulse of six Serbian attacks at Skochivir, on the Cerna river.

Likewise the operations in Volhynia and Galicia apparently have lessened greatly in violence for neither the Petrograd nor Berlin war office mentions any fighting in these zones. To the north of the Pinsk marshes in Russia however, the Germans have attacked Russian trenches on the west bank of the Shara river. Petrograd says the attack was repulsed with heavy casualties.

MAKES PLEA FOR MORE CO-OPERATION

DES MOINES, Ia., Oct. 13.—A plea for increased co-operation on the part of churches and individuals in the non-sectarian men and women's movement, was delivered tonight to the international convention of the churches of Christ by Dr. J. Campbell White, president of Wooster University, Wooster, Ohio, who declared that at the close of the European War it will be necessary for the Protestant churches of America to send missionaries to Europe.

"The spirit of Christianity will have suffered so great a relapse at the close of the war in Europe," said Dr. White, "that complete reorganization of the work of maintaining and spreading the gospel will be necessary."

The gift of \$15,000 to the movement was announced but the name of the donor was not made public.

BATTLESHIPS TO CARRY TWELVE 16-INCH RIFLES

WASHINGTON, Oct. 13.—Navy officials anticipate that American battleships authorized next year will be built to carry main batteries of twelve 16-inch rifles as against the eight 16-inch guns to be put on the ships for which bids will be opened Oct. 25. Members of the general board which now is considering the characteristics of the next battle craft to be designed, are said to be in favor of radically increasing the size so that the fifty per cent increase in gun power may be attained. To carry 12 sixteen inch rifles it is roughly estimated the ships would require displacement of probably 38,000 tons, as against the 32,000 tonnage of the four ships to be laid out next year. The first of the larger ships will not be laid down, in all probability before 1918.

HALAS NOT LIKELY TO BE IN ILLINOIS LINEUP.

Urbana, Ill., Oct. 13.—Halas, the star back of the University of Illinois football team, who was hurt several days ago, is not likely to be in the lineup tomorrow against Colgate and the followers of the Illinois are somewhat depressed tonight in consequence. Klein is also sore and bruised but he will start and team is reported in excellent shape.

OBTAINS FREEDOM BY UNDOING OPERATION.

Chicago, Oct. 13.—Levin Shapiro, given the choice by Judge Marcus A. Kavanaugh of undergoing an operation or a penitentiary sentence of from one to twenty years today decided to obtain freedom by undergoing an operation. Shapiro is 65 years old and was found guilty of taking liberties with a child.

INCORPORATE RELIEF SOCIETY

New York, Oct. 13.—Incorporation of the American Society for the relief of French war orphans was announced here today. The society according to the plans will have a nationwide membership with headquarters in this city and branches throughout the United States.

SIGHTS U-BOAT OFF NEW ENGLAND COAST

Steamer Bovic Reports Submarine 200 Miles East of New York

DIVER NOT IDENTIFIED

Fleet of British Cruisers and Destroyers Patrolling the Atlantic Coast

U. S. WARSHIPS ON DUTY

BOSTON, Oct. 13.—An unidentified submarine off the New England Coast was reported by the Steamship Bovic today at a time when the steamship lane to Europe was dotted with munition laden ships just released from the embargo placed on their movements after the German submarine raid off Nantucket last Sunday.

The Bovic bound from Manchester, England, for New York, did not report the submarine's nationality but gave its position when sighted at 8 a. m. today at about 200 miles due east of New York, not far from the zone of the U-boat activities of last Sunday. The Bovic is due in New York late tonight or sometime tomorrow.

The reports of strange submarine were coincident with announcements that a fleet of British cruisers and destroyers was off the coast and that virtually the entire available destroyer flotilla of the Atlantic fleet of the United States Navy was on neutrality duty.

That the American destroyers were conducting an active investigation of stories of secret submarine bases on this coast was indicated in a dispatch from Bar Harbor, Maine, which said the destroyer Paulding sent out from the Newport Naval base yesterday, made an exhaustive search of the coast between Bar Harbor and Rockland today. Not a cove or rocky inlet escaped the sharp scrutiny of the destroyers. At dusk the Paulding put back to Rockland. Those of her men who were given shore leave were ordered to report at 7 o'clock tomorrow morning.

Other destroyers known to be off the coast and believed to be engaged in much the same work as the Paulding are the McDougall, Fanning and Warrington.

The presence of these destroyers in eastern Maine waters recalled rumors that have persisted for months that Teutonic sympathizers had a hidden wireless station somewhere in the vicinity of Bar Harbor and that there was a suspicion also that they were establishing a secret submarine base on the Maine coast.

TWENTY-ONE TO START IN RACE AT CHICAGO

CHICAGO, Oct. 13.—Twenty-one speedsters will start in the 250 mile Great American Automobile race at the Speedway tomorrow, among the number being such drivers as Aitken, Resta, De Palma and Rickenbacker. Resta is regarded as the favorite in view of the fact that he has won every event staged in Chicago this year.

Some fast laps were made today. Galvin did a little better than 102 miles an hour.

In addition to those mentioned the drivers are Klein, D'Alene, Wilcox, Henderson, Hughes, Lewis, Rowlings, Burt, Henning, Duzane, Gable, Milton, Mulford, Chevrolet, and Ostweig.

CHARGE CONSPIRACY TO VIOLATE NEUTRALITY

LOS ANGELES, Calif., Oct. 13.—Fred Dalo, brother-in-law of Col. Esteban Canto, military governor of Lower California, and three others were indicted by a federal grand jury late today on charges of conspiracy to violate the neutrality laws of the United States. It is alleged they planned to ship ten machine guns to Mexico to be used by Col. Canto.

According to officials of the Department of Justice, it was the intention of the men charged with conspiracy to place the ten machine guns on a fast boat at Long Beach, and ship them to a Lower California port.

The trouble with these big recep-
tion committees is that the man who
doesn't wear a badge is more con-
spicuous than those who have them.
A Democrat not one of the chosen
300 serving yesterday had reason
to feel that his party loyalty had
been called into question.

No Welcome for Tramps
While the fact cannot justly be
credited up to Democratic good
times, it is true that there are very
few idle men hereabout and every
man who is really looking for work
can find it. Farmers are having
difficulty in securing enough men to
cut the corn. One reason for this is
that the corn is down badly in many
fields and thus it is harder to cut.
But the same condition prevails
along other lines and the citizen who
has "odd job" work must look long
and earnestly before he can find a
man willing to undertake it.

This condition means that there is
no charity in feeding tramps, for
any able bodied man can now find
labor which will pay him enough at
least to keep him properly clothed
and fed. Police restrictions against
the jobbers have tightened up in
accordance with these conditions in
almost all cities and no welcome or
comfort is accorded to the traveler.

Movie Politics
In Chicago they are going thru
the usual spectacular scenes that
precede an election. State's Attor-
ney Hoyne, who had made an excel-
lent record in office, has not ad-
ded to his prestige by the recent
sensational raid upon the city offices
whence a wagon load or two of cor-
respondence files were taken in an
effort to find evidence that the city
had official knowledge of the exist-
ence of gambling. The mayor, who
knows something about the subject,
has described the prosecutor's act as
"movie" politics. The next thing
scheduled is the arrest of Chief
Healey and the only reason for the
possibility that all the excitement
will be over after the election is the
fact that Judge Landis recently start-
ed the anti-gambling talk and stirred
up the evidence which occasioned the
present activity of the state's attor-
ney.

America Alone Unprotected
While all the great nations are
taking steps to protect their home
markets, President Wilson takes no
steps to protect America. He talks
of the world being open to American
genius, but he fails to mention the
fact that the doors of every great
nation are shut to Americans by
trade alliances framed for the ben-
efit of foreigners and against the
interests of America.

Not only are American products
made to pay extremely high duties,
but many others are absolutely pro-
hibited from entry into Great Brit-
ain and France. These nations are
not relying solely upon high tariffs.
They are protecting their own man-
ufacturers and laborers by exclud-
ing American products altogether.

What is America doing to pro-
tect itself? Fine words of "world
trade" and "serving humanity" do
not meet the situation.

The Republican party stands for
a protective tariff. It demands the
immediate industrial defense of the
United States. Charles E. Hughes

Peoria County and Good Roads

Peoria county some time ago de-
feated the proposition to issue bonds
to the extent of five hundred thou-
sand dollars for building good roads.
A campaign is now in progress when
the voters will express their views
on the issuance of a million dollars
for good road work. Sixty business
men of the county, including the su-
pervisors, recently went on an ex-
pedition to Vermillion county to
see the hard road work which is in
progress there. It was in that coun-
ty that bonds to the extent of a
million and a half were authorized
by the people for good roads work.
According to a Peoria paper many
of their citizens who went to Ver-
million county opposed to the good
roads proposition returned home en-
thusiastic for the Peoria bond issue.

The Peoria paper's statement was
in this language:

"A great success," was the state-
ment of Supervisor W. E. Hull, host
of the inspection trip of the Vermil-
lion county roads.

"The sum of \$2,000,000 is the es-
timate placed by the business men
of Danville on the amount that
would be spent by the automobile
tourists and sightseers in that
county during the next two years.

"The ride in the automobile on
the fine, hard roads was a revela-
tion. We were given a great recep-
tion and everyone, including the
farmers, seem enthusiastic over the
roads.

"One farmer made a talk in which
he said that he worked against the
bond issue at the election, but was
now glad the question carried. He
said the cost by taxes was only \$20
a year, but that it was worth \$100
to him and that he was now willing
to vote for another bond issue to
help out his neighbors. "No money
would induce me to return to dirt
road," he declared to us."

McCormick Shows Dunne Responsi-
ble for State Extravagance
It has remained for Medill Mc-
Cormick, candidate for congress-
man at large, to puncture the state-
ment made by Governor Dunne that
he should not be held responsible
for the vast increase in the cost of
government of the state during his
administration. The appropriations
by the general assembly it has been
shown time and time again have in-
creased fifty per cent since the gov-
ernor took the oath of office. The
governor has insisted that he should
not be held to an accounting for
these increases and at the same time
has continually referred to certain
laws passed by the general assembly
as achievements of his administra-
tion.

Mr. McCormick declares that the
governor cannot consistently claim
the credit for certain acts of the
legislature and then place upon that
body the responsibility for certain
other acts. The chief executive did
use influence which resulted in the
passage of certain laws, and if he
had sought earnestly to prevent
the appropriation of vast sums of
money, that too could have been
accomplished.

The general assembly received
from the executive a budget of es-
timated expenditures calling for
\$44,500,000, over fifty per cent
more than had been expended by
the 47th general assembly. That
budget was prepared by the legisla-
tive reference bureau for the 48th
general assembly, of which a ma-
jority of the members were Demo-
crats and of which the governor was
chairman. So it is very clear that
the budget presented by the bureau
was a budget of estimates prepared
by the officers of the state adminis-
tration and revised by the gov-
ernor. Contradictory as the facts are
by comparison with the governor's
promises of 1912, he must now be
held accountable.

Rippling Rhymes

By WALT MASON

GHOSTS
On when I cannot sleep, in my
dark and quiet room, ugly phantoms
round me creep, grimacing at me in
the gloom. Oft they come in grisly
hands, to my sorrow and my shame,
beckoning with fleshless hands,
clanking chains and breathing flame.
Many sinful things I've done, in the
days that are gone by; that advan-
tage might be won, I have sprung
the vicious lie. Adding to this wad
of mine, I've been tricky, mean and
low, and I skinned a learned divine
in a horse trade, long ago. In my
scheming for the kale, at no trifles
would I stop; when I had some
spuds for sale, all the biggest were
on top. I've committed many crimes
I confess it, now I'm gray; I have
voted seven times on the same elec-
tion day. And when sleep from me
recedes, and I lie in bed awake,
ghosts of all the evil deeds come
and fill me with an ache. Man of
his achievement boasts, of the
"killings" he has made; but he can't
escape the ghosts—spectres which
are never laid.

AFRAID OF FRIDAY, THE 13TH
Louisville, Ky., Oct. 13.—Montie
Guess guesses it would be unlucky
to have his trial start on Friday,
the thirteenth, so when his case was
called today counsel requested that
the trial be postponed until after
the 14th day. Guess is charged with
the murder of Robert Orms, a su-
pervisor of the Industrial School of
Reform. At the preliminary hear-
ing he entered a plea of not guilty.

SOILS DISCUSSED AT FRANKLIN INSTITUTE

F. C. Bauer Presented Illinois Sys-
tem of Permanent Agriculture—
Address on Rural Schools by Rev.
E. B. Landis—Awards Announced

The Friday morning session of the
Franklin farmers' institute was de-
voted almost entirely to an address
by F. C. Bauer of the department of
soils at the University of Illinois.
Mr. Bauer's theme was "Soils," and
he gave a general survey of condi-
tions and needs thruout the farming
districts of the state. He referred
to the various kinds of soil in the
state and laid emphasis upon what
can now be termed the Illinois sys-
tem of agriculture. This system is
based upon a proper rotation of
crops and the return to the soil of
the necessary elements to build up
rather than to destroy fertility.

Use of Phosphate Recommended
At the afternoon session Mr. Bauer
made another address upon the same
subject in which he dealt more par-
ticularly with soil conditions in this
immediate part of the state. While
there are some areas where lime is
needed, investigation has shown that
the greatest need hereabouts is the
use of phosphate. Where large
quantities of manure are available
this element can be secured thru
that method, but in the great per-
centage of instances the desired ele-
ment must be secured in some other
way and that from the planting of
legumes like clover and alfalfa. It
is in the production of legumes that
limestone becomes a consideration
for clover and alfalfa will not grow
in satisfactory way on soils where
there is an excess of acidity. Op-
portunity was given for the presen-
tation of questions and there was
an open discussion of the whole sub-
ject.

The afternoon program opened
with a piano solo by Miss Beulah
Roberts and then a report of the
boys' state fair school was given by
Glenn Ebrey.

Night Session
At the night session Miss Ruth
Tulpin played a piano solo and a
reading was given by Miss Grace A.
Roberts. The address was by Rev.
E. B. Landis of this city. The
speaker gave a general survey of
the influence of the schools and
churches in rural communities and
pointed out the reasons for proper
attention to schools and churches,
which become such potent influences
in the upbuilding of the communi-
ties. Some ideals for school man-
agement and equipment were sug-
gested and facts of a somewhat
startling kind presented to show the
need for greater attention to rural
church affairs.

The awards in the exhibit depart-
ment were made known Friday af-
ternoon. Mrs. M. B. Keplinger, Mrs.
J. L. Massie and Mrs. George Brown
had charge of the exhibit of cakes,
fruits, etc., and Mrs. F. S. Patterson
and Mrs. Newton Wood the embroi-
dery and sewing. The showing in
all departments was exceedingly
creditable. The awards were as fol-
lows:

J. H. S. MEETS RUSHVILLE IN FOOTBALL TODAY

Game with Husky Schuyler County Lads on Illinois Field Will Be Called at 2:00 O'clock—Nautilus Election and Other J. H. S. Notes.

Coach Hufford has been giving the high school squad some stiff workouts this week in preparation for the game with Rushville which will take place on Illinois field this afternoon at 2 o'clock. All of the men have shown well in practice and with the advent of cool weather there has been lots of "pep" in the work. The Rushville team is one of the heaviest high school teams in the state and play hard football. However, Coach Hufford believes he has a line of attack that will overcome the handicap in weight of the visitors and that his shifty back field and line will be able to stop the rushes of the Rushville team.

This will be the third game for the local school. J. H. S. has won one game by a large score and in the second game of the season met defeat. On account of the cancellation of the Carrollton game there was a break in the schedule and although the men were allowed to rest from practice for several days, all have been putting in hard ticks in anticipation of meeting the Rushville men today.

Estimate of the weight of the Rushville team place the men at a 180 or 185 pound average.

Men Who May Play.
The tentative lineup, as announced by Coach Hufford, follows: Molohon, center; guards, Arter, Fitch and Walker; tackles, Tholen, Jackson and King; ends, Fierke and Ferguson; quarter, Reeve, Smith or Green; halves, Homer and Howard Reynolds; Hunter and D. Smith; Hall, Full back.

The second team men will all be out and some of these may be run in from time to time.

High School Activities.
The various high school activities are beginning in strong fashion and indications are that much work will be done, both in literary and in musical lines. Preliminary organization has been formed by the girls' and boys' glee club and by the chorus. There will this year be a boys' and girls' literary society. Albert DeWitt is president of the boys' organization.

The editor of the Nautilus was this year selected by the English department. The managers were selected by the faculty from names submitted by the student body.

Following is the staff of the Nautilus, the high school monthly publication:

Editor-in-chief—Miss Carol Hall. Business Managers—Everett Kuykendall and McKendree Blair.

Senior Editor—Miss Ruth Hillerby. Junior Editor—Miss Margaret Hamilton.

Sophomore Editor—Miss Harriet Dunlap. Freshman Editor—Miss Ruth Easton.

Faculty Manager—Miss Anna M. English.

SOCIAL EVENTS

Home Department Visitors Meet

Visitors of the home department of Grace church Sunday school met in regular session at the home of Mrs. J. T. Smith on North Fayette street Thursday evening. Mrs. Amelia Nobold, the superintendent, was in the chair. "Take the Name of Jesus With You," was sung and this was followed by repetition of the Lord's prayer in concert. After reading of the minutes of the last meeting the business of the day was taken up and reports from the different visitors were given. It was shown that 114 visits had been made, 14 new members added and that 257 lessons were studied during the last quarter. Ten of the appointed visitors were present.

After business was disposed of Mrs. Smith was presented with a floral basket as this date, Oct. 12, was the 32nd anniversary of her marriage. Refreshments were served and the meeting much enjoyed by all. The next meeting will be held with Mrs. Ledford on North Fayette street.

Masquerade Party

A masquerade party was given Wednesday evening at the home of Miss Cecil Thompson on Tendick street. The evening was pleasantly spent in dancing and games by the twenty guests. In a bun contest the prize was won by Joseph Ryan and Miss Ruth Smith was winner for coming with the best costume. Refreshments were served.

ADD SOCIETY

Sigma Pi Society

Favors President Wilson.

"Resolved, that it is desirable that President Wilson should be elected to a second term of office," was the question for debate Friday evening at the meeting of Sigma Pi Literary society of Illinois college. The debate was won by the affirmative, supported by Robert Foster and Harry Pierce. Clyde Land and Everett Whisler were the negative debaters. Clay Apple gave a declamation "The Death of Garfield," and Fred Bray gave "President, Tanner." Ralph Baker read an episode from Don Quixote, and Henry Caldwell read an essay on "The Wallpaper Plant." Charles Capps the extemporizer, spoke on the subject "These are Stirring Times."

Hebron Sunday School Class Met

The Helping Class of Hebron Sunday School met Thursday afternoon at the home of Mrs. Howard Cully. A very interesting program was carried out after which refreshments were served and a social time was enjoyed by all. Mrs. Harry Strawn of Strawn's Crossing and Misses Besse and Eunice Topper of Jacksonville were visitors of the class. The next meeting will be held Oct. 26, at the home of Mrs. Henry Daubard.

Mrs. Cratz Entertains

Chapin Household Club

The Chapin Household Science club met at the home of Mrs. B. A. Cratz of Concord recently.

Mrs. A. L. Adams was to have been the speaker for the afternoon, her subject being "Health," but as she has not returned from her vacation she expects to appear later in the club season.

Mrs. B. J. Taylor read a paper, written by the hostess, entitled, "What Illinois is Doing for Her Girls." It was a splendid paper and deserving of several readings. Mrs. Ellen Coultas' paper on "The Value of Vegetable Diet" proved the need of vegetables to the human system to produce good health. The roll call was responded to by giving "Habits of Health."

Mrs. B. A. Cratz demonstrated Angel Food cake which was a part of the two course luncheon she served, and which was appreciated by all.

Mrs. B. J. Taylor and Ellen Coultas assisted the hostess in serving. A social and musical hour was enjoyed. The visitors present were Misses Carrie Dietrick, Eva Gaddis, Edna Filson of Concord and Mrs. C. E. Newton of Concord. Mesdames

John Onken, Gustav Onken, George Cratz, and Miss Zenor of Chapin. The club meets with Mrs. Alfred Anderson, Oct. 18th.

Jacksonville Woman's Club in First Meeting Today.

The work of the year will be formally begun today when members of the Jacksonville Woman's club assembled at Central Christian church for the annual luncheon, to be served by ladies of the church at 1 o'clock.

Mrs. J. K. C. Pierson will preside and will extend the president's greetings. After the president's address Miss Annie Hinrichsen will give a report of the recent biennial convention in New York City. Miss Hinrichsen represented the local club at the New York convention and her talk on the subject "Echoes of the Biennial" will be heard with great interest.

The club has made an excellent record recently in point of membership gains. In the course of two weeks seventy-seven names have been added and prospects for a year of uniform success were never better.

Sperry Hostess to South Side Circle.

Mrs. J. W. Sperry entertained the South Side Circle Friday afternoon at her home, 889 Routt street, "Living Fathers of Great Inventions" was the topic of a very interesting paper by Mrs. Joseph Jackson. There were present several guests. Pleasant refreshments were served by the hostess, who was assisted by her daughters, Mrs. Walter Goltra and Miss Lucile Sperry.

Mound Women Meet

With Mrs. Vasey.

Mrs. R. G. Vasey, west of the city, entertained Friday members of the Mound Woman's Country club. Mrs. W. S. Jones presented the subject, "Parliamentary Law." Six special guests were present. Excellent refreshments were served. When the roll was called each member responded with a suggestion for Thanksgiving.

Mrs. Daniels Entertains

for Miss Evalce Petefish.

Mrs. Warren Daniels entertained sixteen friends Friday evening at an oyster supper, honoring Miss Evalce Petefish, who is soon to wed. A pleasant social evening followed the supper, which was served at 6:30 o'clock.

Masquerade Party

Fourteen friends of Allen Taylor were pleasantly entertained Friday evening at his home on South Prairie street. The event was a masquerade and much amusement was afforded as the guests arrived, dressed in fanciful costume. Five hundred was enjoyed and refreshments were served.

Helen Rawlings

Chapter Has Banquet

The Helen Rawlings Chapter of the World Wide Guild met Friday evening at First Baptist church for a 6:30 o'clock banquet. Special addresses were given by two national organizers, Miss Gladys Topping of Elgin, Ill., and Miss Olive Brimmon of Chicago. Miss Topping spoke of home missionary work and Miss Brimmon spoke of needs in the foreign field. A brief address was made by Mrs. A. A. Todd, wife of the pastor. Miss Eva May Breitwiser sang a solo. Miss Carrie Spires, president of the chapter, presided.

The governor also sought to refute the charge that the Democratic administration has been extravagant. He excused the increase in cost on the ground of the growing population of the state, the higher cost of doing business in all lines and because he said the money had been expended for good purposes.

Jennings Final Speaker
The final speaker was Mr. Jennings, who talked of both state and national issues. Mr. Jennings is especially capable on the speaking platform as he knows well how to intermingling interesting stories with the statements that he wishes to bring a particular attention.

Following the speeches a reception for Gov. Dunne was given at the Pacific hotel.

A good time now to select a fall suit at Knoles'; big stock.

PACIFIC LINER GOES ASHORE IN DENSE FOG

SEATTLE, Wash., Oct. 13.—The Osaka Shoshun Kaisha liner Panama Maru, inward bound for Seattle and Tacoma from the Orient went ashore on Thompson's Spit, one and a half miles from Diamond Point Quarantine Station, near Port Townsend, in a dense fog early tonight.

The Panama Maru struck the beach while running into the quarantine station. The tide was running out when struck, making it impossible for her to free herself. Tugs have been ordered to pull the steamer off at the next high tide. It is believed the Panama Maru sustained no damage.

GOV. DUNNE HERE FOR DEMOCRATIC RALLY

ILLINOIS CHIEF EXECUTIVE LAUDS WILSON AS GREAT PRESIDENT.

Gives a Personal Explanation of Great Increases in State's Expenses During His Administration—Mrs. LeRoy and Everett Jennings Also on Speaking Program.

The much advertised Democratic rally occurred Friday and the party managers had good reason for being well satisfied with the turnout. Governor Edward P. Dunne was the chief orator of the day and addresses were also made by Mrs. Virginia B. LeRoy, editor of the Independent Times of Streator, and by Everett Jennings, chief counsel for the state public utilities commission.

The speaking took place on a platform erected midway between the pagoda and the north entrance to the park. A. D. Arnold presided as temporary chairman and introduced Judge E. P. Brockhouse as permanent chairman. Among those who had seats on the platform were Judge and Mrs. O. P. Thompson, William F. Widmayer, Judge and Mrs. W. E. Thompson, Dr. G. W. Miller, Mr. and Mrs. W. A. Masters, Mrs. Perry C. Thompson, Mrs. Paul P. Thompson, Miss Fay Rodgers, Mrs. James McDonald and Mrs. Charles W. Boston. The ladies mentioned, together with Dr. Josephine Milligan and Dr. Grace Dewey, and some others, constituted the Woman's Reception Committee.

Active Reception Committee

Governor Dunne arrived about 2:45 by automobile from Springfield and was escorted to the park by Jeffries band together with some marchers. J. W. Wood was the chief marshal. Three hundred Democrats, representing the thirty-one districts in the county, constituted the general reception committee but the active work was left to W. F. Widmayer, A. D. Arnold, W. A. Masters, Mayor Henry J. Rodgers, John W. Clary, Haller Higgins, J. W. Merrigan, Judge O. P. Thompson, Carl H. Weber, J. Spencer Self, Judge W. E. Thompson, H. C. Montgomery, Dr. E. L. Hill, C. A. Boruff, J. Edgar Martin, Dr. G. W. Miller, Herman Weber and H. H. Vasconcellos.

The first address was that made by Mrs. LeRoy, who devoted her attention mainly to the discussion of national affairs. She defended the Wilson administration and declared that the president, who had said he might not be elected, had proposed to keep himself worthy of election, should be returned to the presidential chair.

Oh, For a Thousand Tongues

Governor Dunne in the earlier part of his address talked over national affairs and expressed the wish that he had a thousand tongues to praise Wilson, whose record he believed entitled him to rank among the great presidents of the United States. The president's Mexican policy, his handling of the affairs of the European nations and his stand in the Adamson law were given strong commendation. Turning to state affairs the governor, as he has done frequently of late, attacked Colonel Lowden as the representative of corporations and quoted some of the criticisms made of the Republican candidate in the primary contest.

The governor also sought to refute the charge that the Democratic administration has been extravagant. He excused the increase in cost on the ground of the growing population of the state, the higher cost of doing business in all lines and because he said the money had been expended for good purposes.

Jennings Final Speaker
The final speaker was Mr. Jennings, who talked of both state and national issues. Mr. Jennings is especially capable on the speaking platform as he knows well how to intermingling interesting stories with the statements that he wishes to bring a particular attention.

HUGHES CARRIES FIGHT TO MISSOURI

(Continued from page one.)

economic needs of improved processes, of methods, of organization, will not be forgotten. War factories are established with a view to being easily changed into peace factories. Thus as recently stated in a bulletin of the Chamber of Commerce of Paris the large factories in the neighborhood of Lyons, St. Etienne, Roanne and Annonay will be after the war converted into works for various manufacturing. Engineers and workmen now making explosives will be able with the same machinery to make products used in peaceful trade.

"It is manifest that we cannot meet the situation which will arise at the close of the war without a sensible use of the protecting power of government. Our opponents have scouted a protective tariff. They offer a tariff commission but tariff commissions do not legislate. It is Congress that legislates. I believe in a tariff commission as I want all the facts carefully gathered and analyzed. We wish a tariff adjustment that is fair and reasonable."

"If the American people desire the principle of a protective tariff applied to the protection of American products, the upbuilding of American industry and the securing of our proper economical independence, they must put in power those who believe in the protective principle. The opposing party does not believe in it."

"Those who are seeking to make political capital out of our present war prosperity have little to say as to the conditions which prevailed less than two years ago. It was the day of soup houses and municipal relief; the day of reduced output and contracted enterprise. We cannot afford a return of that day. But it will return if we do not wisely provide against it. The Democratic policy has increased imports only to decrease revenue. It has given us a war revenue in time of peace to make up for the deficit created by its own policy. Its policy means idle plants and impoverished workmen."

AN ACHE IS NOT A PAIN

An ache is not necessarily a pain—neither is all pain inflammation. It may be a stiffness of the joints or the ligaments underneath the skin. This does not denote a pain in itself and the best thing to use at all times is our liniment.

East Them Both

Camphor Cream Liniment

Rub this liniment on, it digs right in and pulls out both the ache and the pain. Loosens tight bound muscles, stretches out constricted ligaments and gives the whole skin surface and bones new suppleness and health. Price 25 cents.

NEW ALTON TIME CARD.

D. C. Diltz, local agent for the Chicago and Alton railroad has received the new official time card for the road. The unofficial time of Jacksonville trains as published a few days ago in the Journal was practically correct. The time of departure of trains under the new card and the former time of departure are given hereunder.

North Bound Former time New time

No. 10 1:55 a.m. 1:58 a.m.

No. 70 6:20 a.m. 6:40 a.m.

No. 32 1:55 p.m. 1:50 p.m.

No. 16 5:55 p.m. 6:05 p.m.

South Bound Former time New time

No. 31 6:05 a.m. 6:10 a.m.

No. 33 10:20 a.m. 10:33 a.m.

No. 33 4:05 p.m. 4:15 p.m.

No. 71 11:27 p.m. 10:30 p.m.

No. 33 takes the place of No. 3 out of Chicago. Formerly Jacksonville passengers on No. 3 had to change cars at Bloomington. Under the present time card there is no change thus giving Jacksonville a thru Chicago train each way without change. There is no change in the arrival of the Nightingale express from Chicago due here at 3:23 a. m. nor in the St. Louis accommodation which is due here at 8:45 p. m.

BLUFFS

Thomas Reid, foreman of the round house at this point, was a business visitor in Decatur Monday. Hon. H. T. Rainey delivered an open air address at 1 P. M. in town Tuesday. He spent the day on a campaigning tour of the county. The Merritt band under the direction of Mr. George Graham furnished the music for the Bluffs meeting.

Mrs. Uriah has returned from Chicago where she has been visiting her husband and son Earl. She will remove their household goods to that city next week, where they will reside.

Quarterly meeting of the F. M. church will be held at the church Friday evening, Saturday and Sunday. Rev. Mr. Ray, presiding elder, will have charge of the services. The regular pastor, Rev. Mrs. Gardner, will assist with the services.

The rally day services at the M. E. church were well attended and a splendid program was rendered. Mrs. Guy Todd came down from Springfield to be with her mother, Mrs. J. E. Likes, who is critically ill.

John Pine was a business visitor in Pittsfield Thursday.

Mrs. Agnes Bishop of Jacksonville is visiting relatives in town.

Mrs. S. B. Day is critically ill at the home of her son Dr. H. L. Day.

Earl Burrus of Decatur arrived the first of the week to spend a week's vacation with his parents, Mr. and Mrs. P. C. Burrus.

Mrs. Raymond Newenham and mother were Jacksonville visitors Wednesday.

Oscar Plowman of St. Joseph, Mo. spent Saturday until Monday with his sister, Mrs. A. P. Strahan.

Mrs. Plowman of Meredosia will spend the winter with her daughter Mrs. A. P. Strahan.

Mr. and Mrs. Scott Green of Antioch were shoppers with city merchants yesterday.

FARM NOTES

Chicago Livestock Market.

Alexander, Ward & Conover in a letter on the Chicago livestock market, state that receipts of heavy cattle for the first four days this week footed up to around 65,000, showing an increase over last week of about 5,000. The market has been strong and active. There was an unusual number of good cattle on the market Wednesday. Among sales made by the firm were 117 head for M. F. Dunlap of this city. The steers averaged 1,444 and brought \$10.60; 41 for B. W. Brown averaging 1,020 at \$11.10. Prices on butcher stuff continues lower with the top on vealers \$11.50. There was an active market all the week and all grades were lower with the exception of very choice stuff.

The break in hog prices two weeks ago was a little out of season, as the market was broken before the receipts were really burdensome. Therefore prices have reacted from 75 to 90c per hundred from the low point. The supply of matured hogs is limited and it will be some time before enough prime 220 to 260 lb. hogs arrive in the market to break the price. The sheep market improved somewhat during the week.

To Sell or Not To Sell.

A. B. McKinney of Lynnvillie precinct said yesterday that he was in doubt as to the best course to follow with the hogs he is feeding. He has 100 head that now weigh on an average of 175 lbs. The market is lower than it was a number of weeks ago but higher than last week and Mr. McKinney is now considering whether it will be better for him to sell his hogs on the present market or to feed them until December or January. Stock market statistics show that the low point on hogs for years past has been in December. Usually prices begin to go down to some extent in October and the descending scale continues into December and in January there is a reaction. With the possibility of having

to sell the hogs on a lower market in December, Mr. McKinney is wondering whether or not it would be better to sell the hogs at the present weight. New corn is now worth 65 to 70c a bushel and old corn from 80 to 85c, so that hogs must make good gain and sell at a fair price to pay for high priced feed.

Whichever course Mr. McKinney follows is likely to be right for he is a very successful feeder.

BREAD BUYERS, NOTICE.

"Which shall it be? Stop delivery cost or cut down size of loaf?"

I have decided in favor of the former, and believe it will meet your approval.

Therefore, after this date, I shall discontinue all deliveries, but will sell same weight loaves as heretofore to all persons calling at my store. This action has been made necessary by the high cost of flour, lard, etc.

DEMOCRATS KEEP MOOSE ON TICKET

In Control of Election Machinery in Chicago They Propose to Keep Republicans in Third Place on Ballot.

Chicago, Ill., Oct. 13.—Although there is no longer a Bull Moose or Progressive party under that title in Illinois, the Democrats, who are in control of the election machinery, continue to keep the Progressive column first on the ballot. This brings the Democratic column second and the Republican third, the Socialist fourth, the Socialist-Labor fifth, Prohibitionists sixth and the Independents seventh.

Thus it comes about that the Progressives, with no candidates, hold first place on the ballot. All the men nominated by the Progressive conventions have withdrawn and announced their realignment with the Republican party, but the Democrats believe there is an opportunity to secure some drag on the Republican ticket. The Progressives were nominated when their names were written on the ballot, but practically all of them have notified the secretary of state that their names have been withdrawn.

Progressives will not be entitled to a party column in the future if their candidates fail to poll 2 per cent of the total vote cast in the November election. The Democrats admit they intend to keep the Progressive party column in a prominent position on the ballot as long as it is possible to relegate the Republicans to third place.

"There is no reason why we should consider the Progressive party dead," said County Judge Scully, who has charge of preparing the ballots. "I may put the name of the Progressive candidate for vice-president, John M. Parker, on the ballot, even if no Progressive electors were chosen in Illinois."

With the Progressives back under the old banner, Illinois Republicans confidently expect to sweep the state by at least 100,000 and they figure may reach twice that.

IMPORTANT NOTICE.

A consignment of over \$2,000 worth of Coats and Suits which should have been here four weeks ago was accidentally transported elsewhere. This error on the part of the shippers compels us to make some sacrifice to unload the heavy stock of Suits and Coats that crowds our department beyond its capacity. FINAL FESTIVAL DAY HAS ARRIVED

Farmers, Good Road Advocates and Traveling Men all Have Special Interests Today—Friday Added Further to Success of Week.

Friday was the fifth day of the Fall Festival and the Democratic speaking program, combined with various other attractions, brought a large attendance. Both afternoon and evening the park was thronged with people and interest in festival week events did not flag. Today, with its crowded program of interesting events, promises the largest attendance of the week and will come as a fitting close to the festival week activities.

The Last Day's Program. Following is the program, which combines the features of "Good Roads Day," "Farmers' Day" and "Traveling Men's Day."

Attractions: Poultry Show, Farm Products exhibition, Dairy Show and Demonstration, Automobile Show, Farm Implement and Machinery Exhibition, Old Fashioned Horse Shoe Pitching Contest, Exhibits of High Grade Stock, etc., Ladies Rest Tent with Special Lectures and exhibits.

Vaudeville attractions, Dare Devil Moon with his thrilling slide for life from the Ayers Bank building, Doyle and Godfrey in their comic acrobatic exhibition of tumbling and jumping.

Miscellaneous Attractions: Band Concert, afternoon and evening, Ferris wheel, Merry Go-Round.

Theaters: Special programs at all play and picture houses both afternoon and evening.

1:30 p. m.: Dare Devil Moon.

2:00 p. m.: Address by A. E. Nissen and W. H. Holsteen.

4:30 p. m.: Doyle and Godfrey.

7:30 p. m.: Band Concert.

9:00 p. m.: Dare Devil Moon.

9:00 p. m.: Doyle and Godfrey.

Six Traveling Orders.

A. E. Nissen, in addition to his activity as a good roads booster, has membership in six traveling men's organizations, the T. P. A., the Hawkeye Travelers' association, the Illinois Commercial Men's association, the Iowa State Traveling men's association and Gideons and the Minnesota Traveling Men's association.

Mr. Nissen has already become well known in the city as secretary of the Burlington Way Good Roads association and to a Jacksonville audience he needs no introduction. Mr. Nissen has spent a number of years as a traveling salesman.

Mr. Nissen will have with him a model road drag. This drag, which Mr. Nissen is introducing, has been used with success in a number of localities and was ordered in quantity for use in surrounding road districts by the Rock Island commercial club.

Farmers and Good Roads Man.

W. H. Holsteen, the second speaker owns and supervises a farm of six hundred acres in the vicinity of Burlington, Ia. He is secretary of the Burlington Auto club and has for many years been earnest in his advocacy of good roads.

"Dare Devil Moon" who is scheduled again today for two of his slides, made a good descent yesterday from the Ayers bank building to the street below. He made the descent from the fourth story, holding on by his teeth.

Horse Shoe Contest Ended.

W. C. Beck of Litchberry has the highest individual score in the horse shoe pitching contest. Charles DeSilva is second. At the close of the contest Friday the "World Champions" were declared to be Beck and Scribner. Six teams qualified and entered in the finals as follows: Beck and Scribner, DeSilva and DeFreitas, Young and Daniels, Spoons and Vasconcellos, Crisp and Moss, Hawk and Smith.

JOHN R. LONG DIES IN LOS ANGELES

Was Connected With the Jacksonville Schools for Many Years.

Dr. J. C. Windenham has received word of the recent death of Prof. J. R. Long, at one time a teacher in the county and city schools and for a time superintendent of the city schools. For a number of years the gentleman had lived with a daughter in Los Angeles and for some time had been in poor health. Saturday he arose to take some medicine and before he could get back to bed he dropped dead. He was a member of State Street church and a very agreeable and upright gentleman and had a number of friends in this vicinity.

An old resident recalls that at one time when presenting the diploma to the graduating class of the high school his text was "service" and he earnestly besought the young people then on the threshold of life to endeavor with all their power to be useful to their fellowmen.

PARTY PLATFORMS IN CONDENSED FORM

Select Bibliographies presented by Legislative Reference Bureau.

Springfield, Ill., Oct.—Illinois state party platforms deal with 63 subjects which are thoroughly digested in a new compilation by the Illinois Legislative Reference Bureau called "Select Bibliographies on the Illinois State Platforms of 1916."

The four parties, Democratic, Republican, Prohibition and Socialist, consider subjects ranging from "absent voting," at the head of the alphabetical list, to "workmen's compensation," at the foot. The digest of the reference bureau gives the subject and opposite it the name of the party which included a plank on that subject. It gives at a glance a comparison between the party platforms on each subject treated. The Republican platform this year is so brief that there are many subjects dealt with by the other parties on which it is silent.

Following the platforms digest there is a bibliography referring the reader to books on the subjects treated in the party declarations.

The 63 subjects dealt with in the four platforms are:

Absent voting, accounting, agriculture, alcohol, ballot, banks, biule in schools boycott, budget, campaign expenses child labor, church, and state, civil service, constitution, constitutional convention, co-operative societies, corrupt practices, rective societies, efficiency and economy, eight hour day, elections, employment agencies, gambling, government ownership, hours of labor for women, initiative and referendum, inheritances, institutions, invisible government, insurance, judges, labor and capital, law enforcement legislation, limestone, liquor traffic, military, minimum wage standard for women, mortgages, old age pensions, one day rest in seven, passes, preparedness, proportional representation, prohibition, recall referendum, roads, schools, short ballot, sleeping car employees speculating stocks, taxation, tax books tipping, trusts, veto, vice prevention, woman suffrage workmen's compensation.

Elephant Butte Dam Facts.

- It is 318 feet high from foundation to top of parapet wall.
- It is 1647 feet long at the top, contains 610,000 cubic yards of concrete, and weighs one million tons.
- Placed on a city lot 125 by 25 feet the dam would make a block of concrete lacking only fifty feet of being a mile high.
- The reservoir, when filled, will contain 856 billion gallons—enough water to cover the State of Delaware two feet deep.

Elephant Butte, N. M., Oct. 13.—After five years of work, during which modern engineering skill has been taxed to the utmost, the famous Elephant Butte Dam is ready for the dedication ceremonies which will mark its completion. The ceremonies will be in keeping with the importance of the occasion. The participants will include two members of President Wilson's cabinet, the chief officers of the Reclamation Service at Washington, and the governors or other official representatives of many of the Western States. Excursion trains will bring large crowds of visitors from Albuquerque and El Paso. From the last-named city will come delegations representing the International Farm Congress, the International Irrigation Congress and the International Soil Products association, all of which bodies are to meet in annual session in the Texas city the coming week.

The Elephant Butte Dam is the chief feature of the biggest irrigation project ever undertaken by the Reclamation Service of the United States. By its completion the turbulent Rio Grande has been conquered and the wealth of the valley thru which it flows will at last be realized.

While there are two other structures excelling this in height and several in cubical contents, the Elephant Butte Dam outranks all other dams in the capacity of the reservoir created by it. Behind this massive wall of masonry there has formed the largest body of water absolutely controlled by man. This artificial lake has an area of 45 square miles, a shore line of 200 miles in length, an average depth of 65 feet. When completely full the lake would furnish water enough to submerge the entire State of Delaware to a depth of two feet. The combined flood and normal discharge of the Rio Grande for a period of another year or more will be required to fill the reservoir to the lip of the spillway.

The engineering problems which were met and solved in the construction of the dam were numerous and difficult. Preliminary work before a rock was placed in the foundation consumed as much time as the actual building of the structure itself. A railroad 13 miles long in difficult country was constructed. A camp accommodating 4000 people was established with complete lighting, water and sewerage systems. All work was done by government forces, and extraordinary care was given to the health of the people employed.

The completion of the dam brings to an end the bitter interstate and international controversy which has raged in the Rio Grande Valley between New Mexico and Texas and with old Mexico. It was strife each year between the farmers over water rights, and at times there was danger of rupture in the relations between the United States and Mexico, whose rich valleys was threatened with utter destruction by reason of shortage of water. Mexico has canceled her claims for damages amounting to millions of dollars, and in lieu thereof will accept a supply of water drawn from the reservoir. By special treaty the United States has agreed to deliver to Mexico 20,000 cubic feet of water annually without cost. In return Mexico waives all rights to the waters of the Rio Grande from the New Mexico-Chihuahua line to Fort Quitman, Texas, a distance of approximately 75 miles.

The cost of the dam, originally estimated at \$5,000,000, has reached nearly twice that figure. The farmers whose land is to be irrigated are to pay the Government \$20 for each acre of land on which the water is to be used. This will reimburse the Government in large part for the entire cost of the project.

DECIDING GAME WILL BE**PLAYED SUNDAY**

Fans are waiting with interest the final tilt between the Merchants and All Stars at Nichols Park Sunday afternoon for the city championship. Each team has won a game and each is confident of victory Sunday. The All Stars will have Poston and Jones for the battery while the Merchants battery will be Hartman and Christopher. The game will be called promptly at 2:45 o'clock so that fans will see the entire game before darkness comes unless the game goes to extra innings.

SPECULATIVE MARKETS
EXPERIENCE REACTION

Dunn's Review States Legitimate
Business Has Temporarily Moved
Under Reduced Momentum.

New York, Oct. 13.—Dunn's Review tomorrow will say:

All speculative markets experienced reaction this week and legitimate business has temporarily moved under reduced momentum owing to the holiday interruption and a certain hesitancy due to international developments. Current transactions, however, continue unimpaired for the period and with the strength of fundamental factors undiminished, the general tendency in trade and industry is still toward further expansion. The rise in prices continues and of the 331 wholesale quotations regularly compiled by Dunn's Review, sixty six showed advances this week and 26 declines. The extreme costs naturally induce more or less conservatism and deter some from buying in many instances the prospect for further advances is an incentive to larger purchasing, and consumption generally is maintained in extraordinary volume. This is evidenced by the record breaking bank clearings which are this week 22.2 per cent in excess of last year's at leading centers out side of New York.

Part of the gain of course is due to the high prices, yet the remarkable totals would not be possible were it not for the noteworthy and widespread activity in general business. In many cases, however, a full measure of progress is not possible because producing and transporting facilities, too increased and extended to the limit remain inadequate to meet the growing requirements.

Weekly bank clearings \$4,453,623,277.

EVERY MEMBER CANVASS**AT WESTMINSTER**

The every member canvass of Westminster church will take place Sunday afternoon in accordance with the plans made by the pastor, Rev. E. B. Landis, after consultation with church boards. Sunday morning the pastor will have special announcements with reference to the work and in the afternoon the teams will start on their visitation trips. It is hoped that members of the church will remain at home during the afternoon so that the teams will have no trouble in locating them. Each member of the church will be called upon with reference to pledges for local and missionary work for the year.

CIRCUIT COURT
SUITS ARE FILED

Auto Accident Brings Case Against
Miss Cowdin—Mrs. Ransdell
Seeks to Resign as Trustee in
Henry Estate Affairs.

A number of suits have been filed in the circuit court for hearing in the coming November term. William N. Hairgrove has brought suit for Dora L. Ivey who is seeking divorce from her husband, W. H. Ivey. They were married in August 1913 in Cass county and desertion is the ground on which divorce is now sought.

G. W. Ross in a foreclosure suit against Ven Werden Osborne et al is represented by William T. Wilson. The suit is on a note indebtedness of \$500.

Land Sale Case

W. J. Birdsall, by his attorney, M. T. Layman, has brought suit in assumpsit against H. J. Lemon. Only the praecipe has been filed and damages in the sum of \$2,000 are asked. It is understood that the action has been brought as a result of a recent public sale held on the Lemon farm. At that time the highest bid for the land was made by Mr. Birdsall and he was declared the purchaser. For a number of days it seems that he was unable to pay the full amount of one-half the purchase price in cash and on this ground Mr. Lemon declined to deed the property to him, and because of the delay claimed that there was no obligation to deed the land and also Birdsall later on was able to raise the amount of money specified at the time of the sale.

Auto Collision Suit

John E. Parr, by his attorney, William N. Hairgrove, has brought a trespass suit against Miss Mabel Cowdin in the sum of \$10,000. Only the praecipe in this case has been filed but it is understood to be an action as the result of an automobile collision which happened several weeks ago. Miss Cowdin was driving a car on the Vandavia road going out of the city and Mr. Parr was driving toward the city. The cars came into a collision in rounding a corner and Mr. Parr was injured to some extent. Both cars were damaged.

Another suit filed by Mr. Hairgrove is that of J. C. Kratz against L. J. and Bertha Rice. This is a suit in assumpsit on a \$400 note.

L. O. Vaught as attorney for the Mauvaisterre Creek Drainage & Levee district, has joined with W. N. Hairgrove as state's attorney in bringing suit on behalf of the people against John Frank, et al. It is alleged that the defendant has refused to pay an assessment against his land of \$1,338.24 for the drainage and levee improvement and the authority is asked for the sale of the land.

Seeks to Resign as Trustee

Another suit involving important interests is that of Lucy A. Ransdell, trustee, against Jesse L. Henry et al., filed by W. T. Wilson as attorney for Mrs. Ransdell. This suit involves the property of the late Charles E. Henry. Another suit relating to the same case has been filed in the county court wherein the petitioners ask that the property be sold to pay debts. The circuit court suit asks the permission of the court for Mrs. Ransdell to resign as trustee because she feels unequal to the burden of the position, that the court appoint a trustee and cloth him with authority to mortgage the properties and raise a sufficient amount to pay the debts. The conditions have arisen which make the work of trustee very arduous and it is for this reason that Mrs. Ransdell asks to be relieved of the duties.

The will of Mr. Henry gave to his two daughters, Mrs. Ransdell and Mrs. Green certain tracts of land in fee simple. Other tracts were set aside for the use of each of the four sons, title to pass later on to the children of these sons. Mrs. Ransdell was named trustee to have charge of the properties and to pay over the sums accruing in accordance with the provisions of the will. It was also provided in the will that none of the sons should have the right to mortgage their property. Because of some foreign investments of Mr. Henry there are a number of large claims against the estate and now the problem is faced of having these claims paid without placing mortgages upon the land, and it is for the purpose of having some relief in this particular that the present case has been brought.

REGISTRATION DAY.

Voters should remember that there are two registration days, October 17 and 31. Voters should see that their names are on the poll books and thus save a great deal of annoyance on election day. The laws of registration apply just the same to women as to men voters and women who expect to cast their ballots and help in the selection of the next president of the United States should not fail to register.

PROBATE COURT.

In the estate of A. F. Grassly, deceased, letters testamentary were ordered to issue to Fannie Grassly.

In the estate of Juliet Lamb, letters of administration were ordered to issue to Henrietta Clark and bond fixed in the sum of \$3,000.

In the estate of Matilda Hook, the petition of J. H. Danskin, administrator, to omit appraisement was allowed.

In the conservatorship of Louisa B. Ray, the objections to the report of sale filed by E. P. Brockhouse were overruled and the report of sale was approved.

In the estate of Leni Follis, the bond of B. Follis and J. D. McLain as administrators in the sum of \$500 was approved.

A GOOD DISPLAY.

BLUE AND WHITE MEET LOMBARD TODAY

Game to Be Played at Galesburg This Afternoon—Illinois Coach Expects Hard Battle.

Illinois College will play Lombard at Galesburg this afternoon in what promises to be one of the hardest and most important games of the Blue and White schedule.

The team in charge of Coach Harmon and Manager Blum left on the Burlington Friday morning at 11:20 o'clock for Galesburg. The team arrived at Galesburg about 6 o'clock Friday afternoon and will get a good night's rest in preparation for the game.

Coach Harmon would not make any predictions as to the result of the game. He said the men were all in good condition and that he believed if the team played the game it is capable of playing that Illinois would win. Reports have been circulated that Capt. Jackson is out of the game on account of injuries. However, the Galesburg Republican said Wednesday evening that Capt. Jackson would probably play. At any rate Coach Harmon has been drilling his team in the expectation that Jackson would be in the lineup this afternoon.

The team will line up this afternoon as follows: Rendleman lc; Mitchell lc; Zink lg; Valentine c; Thiebaud rg; Conklin rt; Frisbie, (Capt.) re; Wilson q; Pierce lb; Whisler rh; Jones fb.

Five substitutes were taken with the team as follows: Russell, center; Riefler, end; Sooy, end; Spink, line or full back and Helme, capable of playing any back field position.

SPORT CHATTER.

Unofficial averages show that "Happy" Felch, of the White Sox, managed to squeeze into the .300 batting set.

Ad Wolgast lost the decision to an unknown in a four-round bout the other night. Maybe it was Willie Ritchie disguised as a wop.

Mike Gibbons, the St. Paul phantom, can see his way clear to performing in New York for the matinee offered by the Gotham promoters.

His ability as a musician may account for Johnny Kilbane's rapid work in the ring. Perhaps the featherweight champion takes his opponent for a xylophone.

According to ringside reports Freddie Welsh continues to take a beating in every bout, as well as winning the decision and retaining the lightweight crown.

Cleveland won 7 out of 21 games with the Red Sox this season. Which shows the Sox lost one-third of their team when Speaker went to the Fohlies.

In a recent football game in Allentown, the Muhlenberg eleven defeated Bloomsburg 65 to 0. This must have been a case of the winner being all in at the finish.

Rumor has it that Honus Wagner is to be married this fall. As Honus has worked faithfully for one boss for 20 years he should be "gilt-edge" as a matrimonial prospect.

Mr. and Mrs. S. H. Cram of Liberty were among the city shoppers yesterday.

TAKE "CASCARETS" IF HEADACHY BILIOUS AND CONSTIPATED

Best for Liver and Bowels, Bad Breath, Bad Colds, Sour Stomach.

Get a 10-cent box. Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter, clogged up in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull tired feeling—a sick headache—a torpid liver and are constipated, you'll find quick, sure and only pleasant relief from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two ever night just to keep right. Try them 10c and 25c per box. All druggists.

CLOSE STRUGGLES PROMISED IN EAST

Chief Interest Center in Meeting of Princeton and Tufts, Also There are Several Other Inter-Sectional Games Scheduled.

New York, Oct. 13.—With the curtain down upon baseball for 1916, Eastern football will come into its own tomorrow with the playing of a number of contests, which promise close struggles. Chief interest will center in the meeting of Princeton and Tufts, also there are several inter-sectional games on the week-end schedule.

The fast and veteran Tufts combination with the victory of last Saturday over Harvard to spur it on will attempt to repeat at the expense of the Princeton eleven.

Harvard will entertain the eleven of the University of North Carolina and the southern team is expected to give the Crimson stiff opposition. Yale will have Lehigh as an opponent. The University of Pennsylvania will have its old time rival, Swarthmore, at Franklin Field. Navy will play the University of Pittsburgh, which overwhelmingly defeated the Naval Cadets last fall. Holy Cross, which held the Army to a tie game in 1915, again will be the guest of the cadets at West Point. Cornell will have Williams as an opponent; Dartmouth will tackle the Massachusetts Aggies; Brown plays Amherst and Rutgers will meet the Washington and Lee combination. In addition to these contests there are a number of other games in which closely matched elevens will meet.

REAL FOOTBALL CONTESTS BEGIN TODAY

Illini and Colgate Teams Will Meet at Urbana—Chicago and Indiana in First Inning of Big Nine Contest.

Chicago, Oct. 13.—Preliminary games over, football elevens of the Central west will swing into action tomorrow in the first real tests of the season.

Illinois will be the first team in the West to engage in a sectional contest. The Colgate eleven of Hamilton, N. Y., will oppose the Illini at Urbana and altho Coach Zuppke of the Illini squad expects a victory, defeat will be no surprise to him, as he is saving his squad with a view to winning the "Big Nine" championship again.

Colgate is not considered as strong as usual this year, but the fact that it rolled up a 30 to 0 score over Maine a week ago indicates that the team is whipped into good early season condition. Illinois piled up the same count in its game with Kansas last Saturday.

Chicago and Indiana will furnish the only contest having a direct bearing on the "Big Nine" championship. This game will eliminate the loser for the Western Conference race. It is the only contest on tomorrow's schedule bringing "Big Nine" teams together.

Chicago has a long string of victories to its credit over Indiana, but the Hoosiers are believed to be stronger than ever this season, and critics are unwilling to risk picking the winner in view of the defeat Chicago suffered from the sturdy Carleton College eleven last Saturday.

E. C. Stiehm, the new coach at Indiana, turned out some top notch elevens at Nebraska, and is reported to have instilled a new fighting spirit at Indiana.

Minnesota will have North Dakota University as its foe tomorrow and is regarded as a certain winner. The Gophers trounced South Dakota 41 to 17 last Saturday. Many critics believe Minnesota to be the best bet in the race for the "Big Nine" championship.

Wisconsin is expected to triumph over South Dakota State and Mt. Union is expected to furnish little opposition to Michigan. Notre Dame will take on the tricky Haskell Indians at Notre Dame.

RED SOX DIVIDE WINNER'S SPOILS

Full Shares of \$3,826.25 Each are Given to 22 Players—Remainder Given to Other Substitutes and Club Employees.

Boston, Oct. 13.—The Boston Americans today divided the winner's spoils of the world's series which they closed with a victory over the Brooklyn Nationals here yesterday. Under the apportionment decided upon by the players at a secret meeting, shares of \$3,826.25 each were given 22 players, including several who had figured but little in the team's success.

The remainder of the \$97,756.47, which the team won was given to other substitutes and club employees. Helme Wagner and Vean Gregg received three quarters of a share each; Wyckoff and Penneck divided one share, and Walsh, who came to the team only in the last month of the season, was allowed \$1,000. Edward Riley, the former secretary and Charles Green, the club trainer, were given \$500 each, and other employees were remembered with lesser sums down to the bat boy and mascot, who received \$50.

The meeting of the players was marked by the farewell of Manager William Carrigan to the team, which he had piloted to world honors in two successive years. He said he was "thru with baseball for all time."

George Foster, former crack pitcher who suffered from a lame arm this season, notwithstanding which he pitched a no hit game, also announced his retirement to his farm at Bokoshe, Okla. Carrigan's plans were uncertain.

Some of the Red Sox will remain together for a few days to plan an exhibition game at New Haven, Conn. next Sunday when they will be managed by Capt. Jack Barry. Others started in their motors today for trips that will take them to Hunting Preserves in Canada or to their homes.

Carrigan will have a party at his camp on Lake Annabessacook, Maine, and a number of players, who are married will take their families in a group to Plymouth, N. H., for a short hunting trip.

FOOTBALL RESULTS.

Baker University 21; College of Emporia 0.

Southwestern College 28; Fairmount College 6.

Emporia State Normal 14; Pittsburgh State Normal 7.

Three days before the close of the season the Braves still had a mathematical chance for the pennant. But the Phils wiped Stallings arithmetic and the Braves forgot the answer.

Sam Lankford is to start his winter campaign at Syracuse on Friday, Oct. 13, in a bout with Joe Jeannette. Evidently a "Black Friday" has no terror for the people of Syracuse.

A DRAWING ARRANGEMENT.

The tent occupied by Lukeman Brothers in central park attracts a great many persons and last evening more than a thousand names had been registered according to their offer. The drawing next week will be awaited with much interest.

IT WAS THE MEREDOSIA BAND.

It was the Meredosia band that led the parade Thursday night and not the Jeffries concert band as erroneously stated. The boys from the river supplied excellent music.

MISSOURI VALLEY HAS THREE BIG GAMES

Unless Ties Should Result Contests Should Eliminate Three From the Championship Chase.

Kansas City, Mo., Oct. 13.—The football teams of the Missouri Valley conference excepting Drake which has nothing on its schedule will have their mettle tested tomorrow on contests that unless ties should result should eliminate three from the championship chase leaving the victorious trio to fight out the title in later games. All of the contests are between conference teams—Nebraska meeting the Kansas Aggies in Lincoln, Kansas playing Iowa State at Ames and Missouri contesting at Columbia, with Washington, its ancient enemy, who for the first time in many seasons, triumphed last year over the Tigers by the score of 13 to 0.

The corn huskers, having a team that defeated Drake by a top-heavy score last week, and that has shown great power in its early games, will be met by what is probably the strongest squad the Kansas Aggies have turned out since it joined the conference.

Kansas and Ames have not played for many years and the game tomorrow promises a hard fight. Neither of the squads has shown well this season. The Iowans have won both their starts this year, however, and have been driven hard this week by Mayser and a number of assistants. Kansas should have profited greatly from last week's defeat by Illinois. Missouri will go against Washington as the favorites. The University of Oklahoma will play the Oklahoma Miners at Fayette, Texas will be opposed by the Oklahoma Aggies at San Antonio.

The Haskell Indians will invade the east tomorrow playing Notre Dame on the latter's home grounds.

FROM THE EDUCATOR'S NOTEBOOK

A study of the Yiddish language, a dialect of German and Hebrew spoken in Jewish communities, and in which remarkable literature has been produced in America and England as well as in Germany, has been inaugurated in the department of Semitics and Hellenistic Greek at the University of Wisconsin, being given for the first time this fall.

America's oldest co-ed is Mrs. Annie D. Winship, who at eighty-five enters the University of California this fall. This grand old lady of the American university world began her education in a log school in Illinois in 1847. She has attended in succession Ohio State University at Columbus, and the University of Wisconsin at Madison, where she attracted an amazed and respectful attention from students more than three score years her juniors. She attended the Wisconsin university three score years her juniors. She specializes in botany and physics wherever she goes.

Senor Pedro Urena Henriquez, an instructor in Spanish at the University of Minnesota, is the son of Dr. Francisco Henriquez, provisional president of San Domingo, who it is believed will be elected to succeed himself, as the Henriquez party is the most powerful on the island, at the end of his provisional term.

Young Henriquez who would be considered a sort of crown prince in the little Dominican republic, nevertheless prefers to remain in the United States to finish the year of instruction for which he has contracted. He finds engaging, he says, the frankness of the American character, and prefers its abrupt manners, which a great cordiality and kindness underlie at bottom, to the elaborate Spanish politeness of his own country.

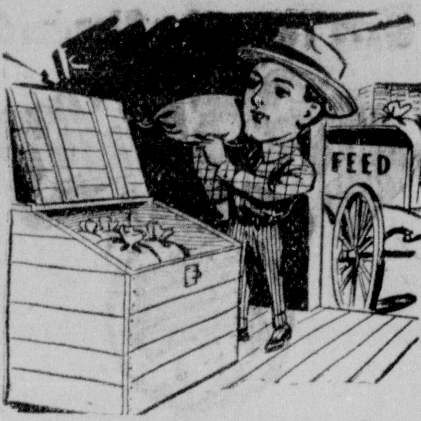

A chair of railroad transportation is an innovation this fall in the Harvard University business school, to be known as the James J. Hill chair. The late railroad builder gave \$125,000 for the establishment of the chair, and friends and business associates of the giver raised the endowment to \$250,000. The first incumbent of the chair will be Prof. William J. Cunningham, who during the past year spent much time studying methods of administration on the railway systems of the United States, and will come to his work with practical as well as theoretical knowledge of the subject.

Dr. P. P. Claxton, United States Commissioner of Education, has invited one hundred prominent educators, sociologists, churchmen and others influential among large alien groups in the United States, to serve on the committee which is to direct the "America first campaign" to be conducted by the bureau of immigration of the U. S. Department of Labor, to induce 3,000,000 non-English speaking immigrants to attend night schools and learn the language of the country. John Price Jackson, Pennsylvania state commissioner of labor and industry, has been named as chairman of the committee and Harrison H. Wheaton, specialist in the education of immigrants in the bureau of education, will be chairman of an executive committee.

Foley Kidney Pills also stop pain in back and sides, headache, stomach troubles, disturbed heart action, stiff and aching joints and rheumatic pains due to kidney and bladder ailments.

GAINEVILLE, GA., R. R. No. 3. Mr. H. T. Straygne says: "For ten years I've been unable to sleep all night without getting up. Sometimes only a few minutes after going to bed I'd have to get up, and I tried everything I heard of for the trouble. Last year I tried Foley Kidney Pills and after taking one bottle I believe I am entirely cured and I sleep soundly all night."

since I took FOLEY KIDNEY PILLS?

Don't Miss This: To give all a chance to try Foley & Co.'s family remedies, send to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., this clipping and 5c, with your name and address written clearly, and they will mail you a trial package containing samples of Foley's Honey and Tar Compound, Foley Kidney Pills and Foley Cathartic Tablets.

WHEAT QUOTATIONS

AVERAGE HIGHER
Market Closes Unsettled at 1/2 to 3/4 Cents Net Higher—Liberal Export Sales Lift Corn.

Chicago, Oct. 13.—Prospects of active call from Great Britain for wheat from the United States made prices here average higher today, although something of a bearish reaction took place in the afternoon owing to a new submarine scare. The market closed unsettled 1/2 cents to 3/4 net higher with December at \$1.58 1/2 and May at \$1.57 1/2. Corn gained 1/4 to 1/2 cents, oats finished 1/4 to 3/4 cents off and provisions varying from ten cents decline to a rise of 15 cents.

Altho at first as a result of rains in Argentina the wheat market showed considerable heaviness, rallies soon took place, influenced largely by assertions that the rains were unimportant and that recent big reductions of the estimated Argentine yield would not be altered. Buying here, was encouraged by word that came from Winnipeg that the United States and Canada would be depended upon for immediate supplies for Great Britain and her Allies.

It was the report that a submarine had been sighted 200 miles east of New York which later became current that upset confidence to a great degree. Short sellers, however, made haste to collect profits and as a consequence, something of an upturn was in progress as trading came to an end.

Liberal export sales, unfavorable weather, and the wheat strength combining to lift the corn market. Besides there were reports of disappointing husking returns in Illinois. Oats were depressed by heavy receipts here and at other leading centers. Moreover, export business was relatively small.

Signs of a good shipping trade tended to lift provisions and so too did the fact that offerings at first were scarce. Lard for October delivery advanced to the highest point in years.

M'CORMICK GIVES FINANCIAL FACTS

PROVES DUNNE'S RESPONSIBILITY FOR INCREASED EXPENDITURES.

Governor Cannot Shift Blame to the Shoulders of Legislature—Reference Bureau Which Prepared Extravagant Budget Was Manned by Democrats Under Executive Control.

Springfield, Ill., Oct. 13.—The biggest meeting of the Republican campaign in Springfield was held at the state armory here tonight. Colonel Frank O. Lowden discussed national issues and Medill McCormick attacked the record of the present state administration for extravagance. Mr. McCormick's statements were without venom and he declared it was with real regret that he found it necessary to present the facts which would show clearly that the administration not only brought to pass a great increase in expenditures, but also ignored the demand for an administrative reorganization of the state. The movement for genuine budget system was blocked by the administration. Mr. McCormick said:

The Need of Candor
"This is a campaign which calls for candor. There can be no profit to the people of Illinois or to the candidates of either party in the exchange of charges and counter-charges which are not based on fact. We are not interested in adjectival competition. We have nothing to gain by clouding the issues, because the facts are with us. We cannot mislead the people nor can the representatives of the Democratic party, who seek to be continued in office by the forthcoming election. I come to the discussion without bitterness, but very ready to engage in controversy as to the responsibility for the present cost of the State government, and as to the relative merits of our program and that of our opponents.

"The Governor is responsible for the staggering increase in the cost of government in Illinois. Appropriations by the General Assembly have increased fifty per cent since he took the oath of office. The Governor is responsible for the increase, not exclusively responsible, but chiefly responsible. I would not have the members of the Assembly evade any of their meagre share in that responsibility, which must rest first upon the Governor, and, incidentally, upon his associates in the administration of our affairs.

Democrats Made Economy Issue
"That responsibility is accentuated because the administration sought election four years ago on the issue of economy. From Cairo to Galena, from the Wabash to the Mississippi, their spokesmen condemned 'the outrageous and increasing taxation upon all citizens, as the result of the extravagance of the Republican officials of the State of Illinois.'

"The judgment thus expressed in the Democratic platform was affirmed by the candidate for governor: 'I will stand for the abolition of public extravagance,' he said, 'and the elimination of all useless offices.'

"The cost of operating the State government has been growing heavier each year thru Republican mismanagement, waste and extravagance, and the people, not the corporations, have borne the burden."

"Compare your tax receipts with those of four and eight years ago and you will quickly understand what this unjust taxation means to you in dollars and cents."

"I do not present these quotations by way of ironic comment upon the present tax rate or the current cost of government, but because an administration elected upon such an issue and under such pledges was called upon to exert the full authority of its position, moral as well as legal, not merely to stay the growing cost of government but to reduce it."

Seek to Evade Responsibility
"An effort has been made, not only to absolve the administration from all responsibility for the increase in the cost of government, but to place that responsibility upon the Legislature; the administration's friends paradoxically claiming credit for legislation passed by the very assembly of which they have disavowed all control.

"The facts concern you, and claims only as they are borne out by the facts. The Governor denounced as extravagant the sum of appropriations made by the 47th General Assembly under a Republican administration. They totaled thirty million dollars. The appropriations by the 48th General Assembly, the first under Governor Dunne's administration, aggregated thirty-eight millions, an increase of \$1,000,000 a year.

"Here was an increase to challenge the condemnation of any professed economist; here was an increase, which, if it could not be prevented, required of an economist vigorous action to prevent its recurrence in the future. The governor said of it:

"While I regret the apparent increase in appropriations for the ensuing biennium, I believe it to be my duty to state that in the aggregate they are unavoidable, and that in their distribution they will be applied to purchase necessities sound to meet the approval of the people."

"The cost of government in Illinois, condemned by Governor Dunne, has grown with the growing population, but not at the present appalling rate until the inauguration of the present administration."

Comparative Appropriations

"I have asserted that the present State administration asked of the 49th Assembly fifty per cent more than was appropriated by the 47th Assembly under his predecessor. In 1915 the 49th General Assembly received from the Executive a budget of estimated expenditures calling for \$14,500,000, or fifty per cent more than had been expended by the 47th Assembly, so generously condemned by the democracy in the campaign of 1912. Our opponents have denied their responsibility for that budget. The budget was prepared by the Legislative Reference Bureau, of which a majority of the members were Democrats, of which the Governor was chairman, and of which the secretary and executive agent was a Democrat, and the Governor's appointee.

"Discussing the preparation of a budget, in the message of June 29, 1913, the Governor said:

"Hereafter, appropriations are to be based upon a budget, and it will be my endeavor to have every budget that comes under my jurisdiction as governor, prepared with infinite detail, so that the people may know the ultimate purpose for which every dollar is appropriated."

Governor Revised Budgets

"That is a statement which accords with the facts. Hereafter, said the Governor, 'appropriations are to be based upon a budget, and it will be my endeavor to have every budget that comes under my jurisdiction as governor prepared with infinite detail.' The budget was prepared for the governor, and in detail. The Governor—and I ought to say that I do not join this discussion to discredit his purposes—the Governor has testified that in the preparation of the budget of 1915 he did everything to keep the estimates down. The executive departments of the government, in conformity with laws, submitted to the Bureau. Then the Governor revised their estimates. Therefore, the budget presented by the Bureau was a budget of estimates prepared by the officers of the State administration and revised by the Governor.

Good Intentions, No Doubt

"If it were profitable to continue the rather tedious recital of facts I could add, not to the proof—for I have proved the responsibility of the administration for the increase in the cost of government,—but to the sum of the evidence in proof of that responsibility. I do not doubt that before the election it was the intention of the State administration to reduce the cost of government. I do not doubt that as time sped on the administration still cherished the elusive, the fascinating and altogether harmless idea of economy, but it is the hard truth that economy was not accomplished. Other interests, other hopes, other visions diverted its attention from the dull and heavy task of administrative reorganization; the task of retrenchment by reducing salaries and reducing places, repugnant at all times, and to all parties, but never more so than to a party newly in power after long years in the wilderness.

"The democracy now is for a genuine budget, or rather its platform says so. But only so long as when Representative Provine introduced his budget bill in the regular session of the 49th General Assembly, the administration was against it. It is the vice of the present law that altho the administration is responsible for the estimates of expenditures submitted to the Reference Bureau and published by it, the clerical duties of the Bureau, prescribed by law, tolerate the obscuring of executive responsibility. The bill which Mr. Provine and I drew, and which he introduced, would have cured this defect if it had become law. The bill was referred to the Appropriations Committee, of which the Chairman reported that the Governor was opposed to its enactment. Harburg Planned for Efficiency Committee

"The democracy endorses the report of the Efficiency and Economy Commission. It was Senator Harburg, a Republican, who conceived the idea to create the commission. To him, and only in a less degree to some of his colleagues on the commission, belongs the credit for carrying the work forward. The commission received the endorsement of the administration,—the tempered and very moderate endorsement of the administration,—and reported fifteen bills to the Forty-ninth Assembly, of which two were passed one was vetoed by the Governor. The task which the commission of the 59th Assembly laid upon the Legislature was a great one and failing powerful executive leadership the Assembly made no more than the beginning. It left the unfinished task to the commission created by the 49th Assembly, of which the authority was destroyed by the Supreme Court decision in the Ferguson cases.

"The Efficiency and Economy Commission of the 49th General Assembly could not go on with the work. We learned during the session of the Assembly that the work was unfinished, it needed revision, there were interested parties yet to

be heard. Therefore, the members of the Assembly by the vote of the House and by the vote of the Senate called upon the Governor to exercise his constitutional prerogative, and by reference to the work in his call to make possible the creation of an Efficiency and Economy Commission which, under the Constitution, could combine the work. This the Governor refused to do.

Whole Hearted Reorganization

"Illinois needs an administration not only committed to the policy of administrative re-organization, but wholeheartedly believing in its importance to the people of the state, an administration whose energies will be roused and not dulled by the difficulties of the task. We have put forward a platform which includes no empty professions, which has no promises which will be left to another administration to perform, no aspirations expressed merely to satisfy a hungry imagination. The program which we have put forward in our platform can be carried into law, and it will be carried into law during the four years of the Republican administration which will be elected on November 7th next."

Next Week Is Edison Week

Do you know that over 600,000 people are now employed in industries founded by Thomas A. Edison?

Next week is being observed by many of these industries in recognition of Mr. Edison's scientific achievements.

We observe the week by giving an Edison recital every day at our store and also by making it possible for a certain number of people in this community to compete in the

\$1,000 Prize Contest

for the best description of the enjoyment and musical education derived in the home from Mr. Edison's favorite and probably greatest invention

The NEW EDISON

We have set aside a limited number of these wonderful new instruments. They have been specially tested and will be placed in homes in this city on an absolutely free three days trial during Edison Week.

Those who secure the benefit of these Edison Week free trials will be eligible to the big \$1,000 contest for the best opinions of the value of the New Edison in the home.

These opinions must not be over 200 words in length. Their literary quality does not count. Professional writers and
